### **Mobile Phone Assistance:**

Under FCC rules, consumers can demonstrate eligibility for the Lifeline program by either showing that they participate in one of the established qualifying programs, such as Medicaid or the Supplemental Nutrition Assistance Program, or by showing that their household income is at or below 135% of the federal poverty guidelines. Typically they must show the household income over a three month period.

Since 1985, the Lifeline program has provided a discount on phone service for qualifying low-income consumers to ensure that all Americans have the opportunities and security that phone service brings, including being able to connect to jobs, family and emergency services. Lifeline is part of the Universal Service Fund. The Lifeline program is available to eligible low-income consumers in every state, territory, commonwealth, and on Tribal lands. To apply for Lifeline, a consumer must use the National Verifier application system at: <https://www.checklifeline.org/lifeline>. The National Verifier is a

centralized system established by the FCC to verify Lifeline applicants' eligibility or recertify a subscriber's eligibility.

Because individuals who have lost their jobs during the COVID-19 pandemic may not be able to verify their income-based eligibility for the traditional three consecutive month rule, the FCC has issued the following waiver/clarification.

Until June 30, 2020, consumers seeking to demonstrate that they are income eligible for Lifeline assistance can submit an official document that confirms their current income information, such as a notice of unemployment benefits.

A previous order that waived the requirement of Lifeline recertification, reverification, general de-enrollment, and usage requirements is extended until June 30, 2020. This extension will help ensure that no current Lifeline subscribers are involuntarily removed from the program during the waiver period.

## F. Business and Worker Assistance

### Federal Economic Impact Payment (Stimulus Payment)

The CARES Act authorized up to \$1,200 in one-time individual “economic impact payments” (also referred to as a “stimulus payment”). Eligible individuals will receive up to an additional \$500 Payment for each qualifying child. Many people have already received their economic impact payment as a direct deposit in their bank account from the Internal Revenue Service (IRS).

If you have not received an economic impact payment or for more information about these payments, visit the [IRS Economic Impact Payment](#) website. Also, the IRS has posted Frequently Asked Questions and other information for taxpayers related to the Economic Impact Payments. Visit the [EIP Information Center](#). The Internal Revenue Service (IRS) has begun taking telephone calls with questions about stimulus payments, but recipients should expect long waits and may be unable to get answers to complicated inquiries. About 3,500 IRS workers began answering phone lines Monday (5/18). The agency had shut down most call centers and sent employees home in the wake of the COVID-19 outbreak. To get talk with an IRS representative, call the economic impact payment information line at 800-919-9835. You'll have to work your way through a series of automated messages, but the IRS says that people who need additional assistance at the conclusion of the messages will have the option of talking to a phone representative.

Frequently asked questions: <https://www.irs.gov/coronavirus/get-my-payment-frequently-asked-questions>

Beware of counterfeit checks! Protect yourself by learning about the stimulus check security features. See the "[Know Your U.S. Treasury Check Campaign](#)" for more information on check fraud.

\*Garnishment of economic impact payments is prohibited, pursuant to [Governor Hogan’s executive order 20-04-29-03](#). Garnishments for child support are exempt from this prohibition.

## **Auto Insurance Credits and Premium Reductions**

## **Mortgage Payments & Foreclosure**

Mortgage foreclosures cannot be initiated and evictions are stopped until further notice or the state of emergency is lifted, pursuant to [Chief Judge Barbera's administrative order](#) and [Governor Hogan's executive order 20-04-03-01](#).

The CARES Act includes authority for financial institutions to provide you with temporary mortgage suspension (“forbearance”) on *federally-owned or federally-backed mortgage loans*, should your mortgage qualify and should you need such assistance. More than half of the mortgage loans in the United States are owned or backed by one of these applicable federal entities:

- Federal Housing Administration (FHA)
- U.S. Department of Housing & Urban Development (HUD)
- U.S. Department of Veterans Affairs (VA)
- U.S. Department of Agriculture (USDA)
- Federal National Mortgage Association (Fannie Mae)
- Federal Home Loan Corporation (Freddie Mac)

If your mortgage is *not* owned or backed by one of the above organizations, you still have options. Maryland’s largest banks, credit unions, mortgage lenders and servicers have collaborated with the Governor to provide additional flexibility, including payment deferrals, waiving late fees, and refraining from reporting certain negative information to credit bureaus. See the Maryland Department of Labor’s [press release on financial relief initiatives](#) dated April 3, 2020.

Contact your mortgage lender or servicer (the company where you send your monthly payments) to find out what type of mortgage relief and assistance you qualify for. See your lender or servicer’s website or your monthly statement for the contact information.

For more information and resources, visit the Office of the Commissioner of Financial Regulation’s [COVID-19 mortgage relief and foreclosure prevention](#) website.
